

## Hear What a Few Coaches are Saying about Sportstec...

"Stanford Basketball is built on the intelligent use of video. Coach Tara Van-Derveer and our staff rely heavily on game tape for self-scouting and opponent-scouting to give our team a competitive advantage and Sportstec is the company we depend on for all of our video editing needs. The ease and functionality of the Gamebreaker and Sportscode programs allows both experienced and new users on our staff to analyze and edit game film in a way that gives our staff clear insight and delivers a concise message to our team. Most importantly, the Sportstec team is always available and responsive to our staff's customer support needs 24 hours a day, 7 days a week."

**Kate Paye**

**Stanford Women's Basketball**

"Sportstec combines the ease of use that even novices can master with the power that is needed for an Elite program. It is a wonderful tool and a critical part of my job."

**Lauren Rice**

**Duke Women's Basketball**

"Because of Sportstec's user friendly software, the quality of our video scouting reports has improved tremendously."

**Kelly Curry**

**Texas Tech Women's Basketball**

"Sportstec has allowed my assistants to be more efficient. We are capable of scouting and evaluating more games in a shorter period of time than ever before. Our relationship with Sportstec has been a big part of our success."

**Brenda Frese**

**University of Maryland**

"Sportstec is an outstanding sports video editing software that allows you to edit video clips instantly. This process is very advantageous when scouting opponents, creating breakdown tapes and providing feedback to both coaches and athletes in a timely fashion. Sportstec is very easy to use, and has been a huge time saver in preparing scouting films to give the Liberty a competitive edge."

**Catherine Proto**

**New York Liberty**

"I have had the opportunity to use numerous editing systems at both the collegiate and pro level. Sportstec is by far the best system I have used. Sportstec has the ability customize both opponent and self scouting, individual player breakdown for teaching, as well as produce hi-light films. It is convenient to take on the road and has saved me countless hours and headaches! It truly is a coach's best friend!"

**Heidi Vanderveer**

**Occidental Women's Basketball**

## Hear What a Few Coaches are Saying about Sportstec...

*"Sportstec has enabled us to take our scouting, player development, and team evaluation to another level. The Big XII demands that you bring your "A" game every night. Sportstec has become a great tool in preparing our staff and players to meet this challenge. We are still finding new and exciting ways to use this great tool!"*

**Cindy Stein**

**Missouri Women's Basketball**

*"Gamebreaker Plus is an excellent teaching tool! The software is easy to customize to your needs. This year we saved valuable time by using the game breaker software. Clips of your current players, your plays or your opponents are just a click away and available in an instant."*

**Joe Logan**

**Loyola (MD) Women's Basketball**

*"After researching several video software options, Sportstec is the one that rose to the top. We could not find any other software with all of the characteristics that appealed to our staff, which includes: being user friendly, individual player analysis, team scouting reports, and film breakdown. Sportstec has allowed us to maximize our time with student-athletes and minimize our coaches time in the video room."*

**Paul Thomas**

**St. Mary's College (CA) Women's Basketball**

*"Sportstec has made us more efficient in our opponent scouting and has taken our team/player analysis to another level!"*

**Matt Legerski**

**Utah Women's Basketball**

*"I would choose Sportstec over any video editing system on the market today because of its endless capabilities in video editing. Sportstec is user-friendly and every coach on our staff has been able to learn the system in a timely manner!"*

**Meredith Doyle**

**Stephen F. Austin Women's Basketball**

*"In the two years using the Sportstec system at Texas Tech, I have not had one problem and what we have been able to do technologically speaking has been fabulous."*

**Grant Fausset**

**Texas Tech Women's Basketball**

## Hear What a Few Coaches are Saying about Sportstec...

"Sportstec's Gamebreaker Digital Editing/Scouting software is the best software out there!! I've worked with a few different editing systems and nothing is more user friendly than Gamebreaker. This system allowed us to scout our opponents in greater detail than in the past, which in return helped improve our team defense! The customer service is another reason why I would recommend Sportstec. There have been several occasions through out the season that I forgot how to use a specific function, all I did was call up one of the three customer service reps assigned to me and they walked me through my problem. If your looking to upgrade your scouting program, I would highly recommending Sportstec Gamebreaker!!"

**James Clark**

**Drexel Women's Basketball**

*"Sportstec...also known as Gamebreaker is awesome! It is very user friendly, even for people like myself who have difficulties with technology from time to time. Sportstec allows us to breakdown games easily and allows us to watch film with our players, on ourselves or our opponents, in a very efficient way. I particularly like how simple it is to create a movie with video clips that I edit out while watching a game on the computer. I highly recommend Sportstec software to any program that watches film with their team!"*

**Allyson Alhadeff**

**Cal State Fullerton Women's Basketball**

*"What I like best about Sportstec is the software's adaptability. We used the software for scouting opponents, individual film sessions, and for individual and team high light videos. All four coaches were able to use the software after only one training session, and all four coaches were impressed with how much time and energy was saved by sportstec easy to use features. I highly recommend Sportstec, to all programs."*

**Abby Vaughan**

**Loyola (Md) Women's Basketball**

*"Gamebreaker has become a great tool for our program. Our scouting and film sessions have become more focused and efficient. Our program has been very pleased with the gamebreaker system and would recommend it for everyone."*

**Allison Kruger**

**Wayne State College, NE**

## Hear What a Few Coaches are Saying about Sportstec...

"The Sportstec Elite site license has allowed a majority of our athletic teams at the University of Virginia to take advantage of the latest in digital video editing technology. The site license also enables multiple coaches from each sport to utilize the software. Instead of one coach breaking down a game or practice, several coaches can focus on their particular area. SportsCode's user-friendly approach enables coaches of varying computer skill levels to be introduced to the software and then advance in complexity over time. The UVA athletics department views Sportstec as a valuable partner."

**Todd Goodale, Associate Athletic Director**  
**University of Virginia**

"We love it! Our Sportstec software makes our jobs more efficient. Being short staffed this season, our video duties were made simple with our Sportstec system. With all of our traveling, I can scout opponents and watch video on flights making the most of my time. I don't have to take all those tapes with me on the road anymore!"

**Pat Charity**  
**Cal State University-Northridge Women's Basketball**

"It's the best system ever!"

**Darryl Oliver**  
**UAB Women's Basketball**

"Sportstec has been a tremendous asset to our program. It has allowed us to streamline our scouting and player development efforts to one unique system. Sportstec's portability, user-friendliness and mac-operating system were all reasons we chose this efficient editing software. I would recommend this software to any program in the country. It has truly helped bring our program to the next level."

**Joe Tartamella**  
**St. John's Women's Basketball**

"This is our third year using Sportstec's GameBreaker and we are truly happy with the program and what it allowed us to do. With GameBreaker, scouting and breaking down film is not time consuming or drawn out. We could break down players, opponents, or plays within minutes, instead of hours. I would recommend this cost effective program to anyone. In addition to breaking down opponents and plays, each individual player was able to see specifically things they needed to improve upon and get better at. Seeing is believing, and with GameBreaker it was easy to do."

**Kristi Eller**  
**Bellarmino Women's Basketball**

## Hear What a Few Coaches are Saying about Sportstec...

*"Sportstec has made our scouting extremely efficient. The system allows us to more detailed than ever before in less time, which allows to spend more time coaching and recruiting."*

**Brady Sallee**  
**Eastern Illinois Women's Basketball**

*"Sportstec has been a key ingredient to our success over the past year. Our entire staff has been able to break down film helping to learn and prepare for upcoming games. Not only have we been more organized, our players have benefited immensely from being able to see the clips and learn from them. The Lady Bears have gone from 10-20 last season to 22-10 and in post season play for the first time since 2005. Thanks Sportstec for everything you have done to improve our program and scouting!"*

**Camryn Whitaker**  
**Missouri State University**

*"Our entire staff was able to learn and utilize the Sportstec system for scouting opponents and self-evaluation. The dependability of the Sportstec system was outstanding. It worked 100% of the time. The portability was an incredible time-saver for our program. We were immediately able to break down our games and move onto our next opponent while on a plane or bus."*

**Rick Pietri**  
**South Alabama Women's Basketball**

*"Sportstec has made our scouting extremely efficient. The system allows us to more detailed than ever before in less time, which allows to spend more time coaching and recruiting."*

**Brady Sallee**  
**Eastern Illinois Women's Basketball**

*"Sportstec has been phenomenal for us in providing cutting-edge game preparation and post-game analysis software. The ease of making game edits and the professional look of the presentation in a matter of minutes is second to none. Sportstec software along with the helpful assistance of the support crew has helped our staff take our game to the next level!"*

**LaVonda Wagner**  
**Oregon State Women's Basketball**

*"Since we started using Sportstec two years ago, our staff has been able to save more time and energy than in my 20 plus years of coaching. Our use of film is more effective and has helped our players tremendously. And, the most important thing for me is that it is easy to use!"*

**Phyllis Mangina**  
**Seton Hall Women's Basketball**

## Hear What a Few Coaches are Saying about Sportstec...

*"Sportstec Software has been an excellent tool for our staff to use in breaking down our total game. It's quick and easy to use, producing results that can immediately be used as teaching tools for our team."*

**Stephanie Siler**  
**Mississippi State Women's Basketball**

*"Sportstec has been a tremendous asset to me and my staff. It has assisted us in our game planning and individual breakdown of our players. The time it has saved our staff in game and scouting edits along with the convenience of it being portable has been huge for our program."*

**Tisha Hill**  
**Youngstown State Women's Basketball**

*"I have used Sportscode Elite now for over 2 years. Having used this and other editing systems out there, I can say hands down SportsCode is the best. First and foremost it is simple and easy to use and is even easier to teach to others. But that's just the beginning! I use the system to do everything from self scouts, opponent scouts, player instruction/development, highlight films from games and even our end of year highlight films. It does it all. With our self scouts we can track individual and team offensive and defensive performances for every game, different lineups within games and also for the entire year with the databasing capabilities. All this and we haven't even scratched the surface of what the SportsCode system can do. I'd recommend this system to anyone who's serious about using video to better your program."*

**Ryan Johnson**  
**Northern Colorado Women's Basketball**

*"Sportstec is the most dependable, portable, and user-friendly editing system there is. It has created learning opportunities to get the most out of our athletes. Our players feel more prepared for every game and have a precise understanding of what they need to do in order to be successful. Having Sportstec on our team has given us the ability to create player/team highlights, video playbooks and many other projects that have taken San Diego State Basketball to the next level."*

**Renee Jimenez**  
**Cal State Monterey Bay Women's Basketball**

*"I use Sportstec predominantly for self-scout purposes. It is user friendly and allows me to quickly edit our games and highlight areas where we must improve. It makes team and individual video sessions much shorter and has proven to be a more effective learning tool for our student-athletes."*

**Julie Rousseau**  
**Pepperdine Women's Basketball**

## Hear What a Few Coaches are Saying about Sportstec...

*Sportstec is an invaluable time saver for our film breakdown. Sportstec allows the coaches to watch only the film that is necessary while the Sportstec features gives the coaching staff new and interesting ways to keep our student-athletes involved during film sessions throughout the season. In addition, the individual tech support is impeccable. My support representative is always available, willing, and ready to solve any technical issues as soon as possible which helps better manage our preparation time. Sportstec is a great product, and the support that comes with it makes Sportstec easy for anyone to use and be successful on and off the court.*

**Charlee Simmons**  
**Texas A&M Women's Basketball**

*"Our experience with Sportstec has been fantastic. As an independent and new division 1 program with limited staff and money video editing has always been a major concern for us. Sportstec worked hard to make sure that we had options that allowed us to get the equipment we needed to be successful. We didn't get everything approved until after games had started and Sportstec went out of their way to make sure we were up and running as fast as possible. This included help over the phone as well as and on site training. The software was easy to get used to and saved hours of work for our staff. We were also very impressed and pleased with the support and customer service of Sportstec. We believe having the video editing abilities that Sportstec provided had a direct and immediate impact on the level of success our program achieved this season."*

**Chris Boettcher**  
**Utah Valley State Women's Basketball**

*"Sportstec has been one of the best teaching tools we have used as coaches. Sportstec gives both our staff and players instant feedback. We are able to watch "highlights" of exciting plays and easily identify areas of improvement for our team. We use Sportstec for scouting, but the biggest benefit has been in team analysis and player development. It is easy to use and convenient. Our injured student-athletes break down film and learn the game courtside during practice. In addition we are able to focus in on certain aspects of the game readily through the breakdown process. We can study film with our players on the bus, in the weight room, and before or after practice.*

*Sportstec is flexible as you can conform it to your own coaching language. Players respond to watching film that is focused and efficient. The more we have grown with Sportstec, the more valuable Sportstec has become to our program."*

**Pam Bass**  
**Colgate Women's Basketball**

## Hear What a Few Coaches are Saying about Sportstec...

*"Sportstec has allowed our coaching staff to be detailed and efficient with all aspects of video and scouting. Our scouting reports now have the ability to be as in-depth and thorough as ever before. Sportstec software enabled our players to learn in the film room at an excelled rate. Furthermore, Sportstec's availability of support and their support itself helped our team to be successful."*

**La'Keshia Frett**

**Georgia Women's Basketball**

*"The flexibility and user-friendly format of SportsTec reduced the time we spent on scouting and allowed us to be more thorough in our breakdowns. Our players recognized it as a tool that can improve their performance. We increased our win total by nine games over last season and SportsTec was a factor in the turnaround."*

**Mark Kost**

**Coastal Carolina Women's Basketball**

*"With Sportstec's Gambreaker we were able to take a quantum leap in video analysis & presentation. Gamebreaker was easy to learn and to use. You can start with the basics & then, add bells & whistles. It is an excellent teaching tool both for individuals and for the team as a whole. It is great for scouting opponents and transmitting information to the team. It was a great investment."*

**Frank Bennett**

**Lipscomb Women's Basketball**

*"Sportstec is a first class operation. Their service, efficiency and willingness to better our women's basketball program through their technology is second to none. The program is easily managable for all coaches, managers and video personnel."*

**Brooks Donald-Williams**

**McNeese State Women's Basketball**

*"Sportstec is an amazingly useful and relevant tool for the type of scouting we do in the Ivy League. It allows us to function on the cutting edge of technology with only a basic knowledge of computers....it does not overwhelm you. The software is logical and easy to learn, yet has enough functionality to do many different things. Most importantly, the people supporting this system are professional, accessible and a joy to work with. We are delighted with this product and the people behind it."*

**Christina Wielgus**

**Dartmouth College**

*"In my first year as head coach at the varsity level, I searched for hours looking for film editing technology. I was referred to the Gamebreaker system by the staff at the WNBA's Seattle Storm. The technology is very user friendly, and definitely assisted my team in winning our schools first ever section title!"*

**Richard Harris**

**Valley Christian HS, CA**

## Hear What a Few Coaches are Saying about Sportstec...

"The University of Oregon Women's Basketball program has valued both the relationship and programs that Sportstec has provided our program over the years. Sportstec's Gamebreaker has been an invaluable asset to our program in film analysis, breakdowns, and presentation preparing our players and staff for competition. You CAN'T go wrong with Sportstec as a product and a company!!!"

**Selena Ho**

**Oregon Women's Basketball**

"Sportstec has vastly helped our program. Our self evaluation and player development has improved due to the time efficiency of the software. The program is very user-friendly and the staff at Sportstec is willing and eager to help with everything and even came to support us at our games! We use Gamebreaker primarily for self-evaluation and it has made a tremendous impact on our success. The software allows you to watch film with your staff and players in an extremely efficient manner and you are able to maximize your time. The ability to choose how you want your film broken down and the capability to select and focus on specific segments in game film is an extreme advantage during the busy time crunch of the season. I have been working with Sportstec for four years now and absolutely love it and would recommend it to any coach!"

**Kerri Nakamoto**

**Cal Poly SLO Women's Basketball**

"Sportstec has been one of the most worthwhile investments for the Milwaukee Women's Basketball Program. It has decreased our editing time in half and has provided us with a wide array of editing capabilities that we have never enjoyed before. I highly recommend this product for all athletic programs."

**Sandy Botham**

**Wisconsin-Milwaukee Women's Basketball**

"Sportstec has provided us with a very user friendly product that fits our film editing needs. Their staff has been amazingly helpful and understanding of our budgetary concerns. We will continue to use their services because of the relationship they have nurtured these past two years."

**Niecee Nelson**

**San Diego Women's Basketball**

"The biggest question for me is... can I get the job done? And since 1999 when I was an assistant with the New York Liberty the answer is... YES! The worst feeling in the world is having a system that is not reliable - we've all been there. Sportstec is totally reliable, I get the job done, every time - no crashes, no freeze ups, no hassles. To me, that is priceless."

**Jeff House**

**Virginia Women's Basketball**

## Hear What a Few Coaches are Saying about Sportstec...

"Sportstec has allowed my assistants to be more efficient. We are capable of scouting and evaluating more games in a shorter period of time than ever before. Our relationship with Sportstec has been a big part of our success."

**Brenda Frese**  
**University of Maryland**

The implementation of Gamebreaker-Plus into my coaching system benefited me greatly. It saved immense amounts of time evaluating film as well as showing and communicating film results to my players. GB+ also helped my college-bound athletes in the creation of quick and easy game highlight film. Now that I have used it, I can't imagine coaching without it.

**Lisa Elam**  
**Cincinnati Hills Christian Academy**

Gamebreaker Plus was a godsend for our program. The ability to break-down our opponents, analyze the effectiveness of our individual possessions, as well as the ease of creating highlight reels for recruiting, made my job so much easier. It truly is a wonderful tool to take your program to the next level."

**Andy Marx**  
**Oak Hills High School**

Before purchasing Gamebreaker-Plus, our film sessions would last almost 2 hours. Now with using Gamebreaker-Plus, our film sessions can be individualized in short segments of about 5 minutes, which allows us to spend more time out on the court teaching. It is easy to use and has helped our program utilize the time we have in a more efficient manner.

**Nelson Schorr**  
**Ursuline College**

*"We went with the Sportstec system this year and having used other systems in the past, I have to say that this was the most efficient season I have ever had breaking down film. The process of using the software is user friendly and the options available are endless. I highly recommend to anyone that is a film junkie the Sportstec system."*

**Todd Schaefer**  
**Greenbrier High School Girl's Basketball**
